Imagination

A message for mom and dad:

"LEGO®, I love you best!"

If you ever want to get a group of kids excited, talk to them about LEGO toys. That's what we did. All over the country, we invited children to talk to us about their experiences with LEGO toys. And on these pages, we share their words with you. Because they explain, better than we ever could, why LEGO toys make kids happy. And why PARENTS feel as good about LEGO sets as kids do!

Our Prices INCLUDE Shipping & Handling!

With the LEGO Shop at Home Catalog, your holiday budget won't be nibbled away by extra charges. The prices you see include regular shipping and handling.

Day-After-Tomorrow Delivery — Only \$5!

Need it quick? Express delivery is now available for a small extra charge. Call by 2 p.m. Eastern Time and you can get fast, direct, door-to-door delivery anywhere in the continental U.S. in just 2-4 business days! See order form for more details.

The LEGO Quality and Service Guarantee

We believe our toys must live up to your highest expectations. And our service must live up to the quality of our toys. We hope that you will be totally satisfied with your order. But if there's any reason you're not, simply return it to us for replacement, exchange or prompt refund.

Safety First

How to choose the right LEGO toy.

LEGO building sets are specially designed for every age and stage of your child's development. Each set provides a unique building challenge with the emphasis on FUN! Please take a moment to review age guidelines when you are ordering.

WARNING: An Important Safety Message to Parents.

LEGO SYSTEM and LEGO TECHNIC sets contain small parts. These sets are NOT suitable for children under 3 years of age. DUPLO® sets have larger pieces which are specially designed for children under 3.

"I can build whatever I want!"

With LEGO toys, there's no right or wrong way to build. LEGO building sets encourage creativity — and reward hard work with some pretty amazing creations!

comes to Life

A Crystal Explorer Sub

As you glide through the deep, you spot something in the distance. Glimmering in the dark, it's the crystal you need to survive under water! Your sub is fully equipped for the mission, with a magnetic arm, a pincher arm, and a red box to store the crystals in. But first, open the cockpit door — and see if you can snatch the crystal away from the octopus! Ages 7-12. 160 pieces.

#6175 Crystal Explorer Sub \$33.00

"I want a submarine for Christmas!"

Kids can wish for a castle, a spaceship, or a submarine — and have their dreams come true!

"The more I own, the more fun I have!"

Most old toys end up in the closet when new toys arrive. But not LEGO toys. Because your new LEGO items work perfectly with your old LEGO items, you'll get more play value from ALL your LEGO building sets!

"I like looking for new stuff."

LEGO toys come with many unique pieces in each set. These special pieces — like the working compass and magnetic arm in the Crystal Explorer Sub — add fun and realism to your child's play.

"I feel good when I'm done."

Any parent who has watched a child build with LEGO toys knows it's true — children feel an incredible sense of accomplishment, whether they've built the Crystal Explorer Sub, or a giant, rambling tower made of their favorite LEGO bricks!

ALL NEW AQUAZONE

AGES 5-12

Hang on to your snorkel as you team up with the Aquanauts in search of the precious

hydrolator crystals that provide oxygen for the undersea world. But be on the lookout for the Aquasharks! They'll stop at nothing to take all the crystals for themselves.

A Shark Scout

Calling the bravest Aquasharks! This seacraft is small and fast, great for zipping in and out of coral reefs and other dangerous places. Your only protection is a diving helmet, a silver harpoon — and your quick wits. So get ready for adventure! 25 pieces.

#6115 Shark Scout \$3.25

B Sea Sprint 9

Down, down, to the depths of the sea you go in this state-of-the-art submarine. Watch for danger from the blue domed cockpit, as the pincher arm collects precious crystals. You're ready for any emergency, with a diving helmet, flippers and chrome-plated knife. 28 pieces.

E Deep Sea Predator

One look at this sub strikes fear into the heart of any Aquanaut. It's built for one purpose — to steal the precious hydrolator crystals. A magnetic arm can pick up the red box full of crystals. And a pincher arm can pick up just about anything else! At the helm is an Aquashark, armed with a harpoon and knives, his only protection against the dangers of the deep sea. And swimming alongside is a man-eating shark! Ages 7-12. #6155 Deep Sea Predator \$21.00

E

Front and back hatches open and close — perfect for stashing stolen crystals and quick getaways.

Includes magnetic crystal-grabbing arm.

Crane unloads crystals and puts them on the conveyor for processing.

F Neptune Discovery Lab

Feel a sense of pride as you build and control the heart of the entire undersea operation—the lab where priceless crystals are harvested. The submarine uses its grabbing and magnetic arms to bring the crystals in. Use the crane to unload the crystals—then send the sub back out for another daring mission in uncharted territory. But watch out for that octopus—it looks hungry! Ages 8-12. 495 pieces.

LAUNCH COMMAND

See How A Shuttle Can

With a LEGO Maniac's® imagination, the same pieces can build just about anything! Half the fun is building and playing with the main model—the Shuttle Transcon 2. The other half is taking apart your model and building something new—like this cool Hovercraft! Now with one set you get twice the fun. Just follow these six hints to build a Hovercraft using the pieces in your Shuttle Transcon 2.

A Train Load of Fun!

Specially Created for Your Young Engineer

Power Saving Design.

The battery train will run at least 8 hours on 3 AA alkaline batteries (batteries not included). The power saving feature goes into action when the train has not been touched by your child for two minutes.

Features 4 different actions and sounds children can operate themselves!

A My First Powered Train Set

At a certain stage children learn that they have the power to make things react to their touch. See the fun your young engineer will have making the train run and stop, go backwards and automatically change direction. And to add to the fun, each of the four functions responds with its own unique sound. The battery powered DUPLO Play train can go everywhere — it runs on the track and directly on the floor. Plus, unlike ordinary toy trains, your child builds both locomotive and wagons and then can redesign them his or her own way. It's a toy that stays fresh, a new adventure each time. Ages 3-6. 61 pieces.

#2730 DUPLO Battery Train \$85.00

Hand operated start/stop rail allows your child to choose whether the train stops, goes by, or changes direction.
